Height	3.2 Inches	3.7 Inches	4.3 Inches
Weight	13 Ounces	16 Ounces	24 Ounces
Barrel	2.5 Inches	2.8 Inches	4 Inches

- **PRESSURE CAST OF NON-FERROUS ALLOY**, these pocket pistols are super light-weight.
- **THE POSITIVE SAFETY** operates vertically to lock the sear as well as the breech in the safe position. Bold lettering clearly indicates the safe or fire position. The smooth up and down movement insures positive safety application.
- **FINISHED IN SATIN NICKEL, BRIGHT CHROME OR BLACK TEFLON** as standard. These pistols are hand polished and then triple plated with copper, nickel, chrome or chemically blued for superior durability.
- **GRIPS** are available in your choice of Ivory, Black Combat or Walnut for Jennings Models 22 and 25 and Black Combat only for Models 38 and 48.
- **NO NONSENSE WARRANTY.** We pride ourselves in our quick turn-around policy and service for our products, usually within three working days and normally at no cost.
- **EFFICIENT WHOLESALE DISTRIBUTION.** We are proud of our national distribution network. Dealers can easily obtain our products from their regular stocking distributors. We do not sell direct to dealers. Please order from your favorite wholesalers.
